

Dear Parents,

Date: 10.10.22

Greetings!

To sensitize our students towards the feelings of differently abled children, their needs and lives, we will be having the DIYA selling stall in our school on 14th & 15th of October. The DIYA selling will be done by the reputed NGO wherein the differently abled children have prepared decorative diyas candles, garlands, covers etc on their own. The students/parents can purchase the decorative material from them at the nominal price for their Diwali.

This will prove a positive step to enable those children to celebrate their festival with pomp and gay. This generous deed of our students will give them mental peace and hearty satisfaction.

Expecting your support for a noble cause.

Principal.
