

Dear Parents,

Date : 04.09.2021

Greetings !

“Good teachers’ don’t impact for a year but for a lifetime.”

Teaching is a lifelong process where you learn new strategies, new ideas and new philosophies .Parents is a child’s first teacher who gives him/her lessons of life and the guru or teacher leads the child ahead in life. Nowadays the teacher and students are sharing their thoughts virtually during online classes.

On the occasion of teachers’ day Students can offer their gratitude by preparing a CARD for the teacher or can do the ROLEPLAY of a teacher or SPEAK few sentences or SING a poem for their teacher at home only.

The parents can take the photos or videos and forward to the link given earlier..

Expecting your support.

Principal
