

Dear Parents,

STD 3 TO 10

Date: 6.09.22

Greetings !

### **As per NEP**

□ As per NEP, higher-order skills (analysis, critical thinking and conceptual clarity etc. will be the part of assessment. For that competency-based education and evaluation are required. Apart from this, Assessments will be based on core concepts and knowledge, higher order skills and its application in real life situations. That's why, Competency Based Education and Evaluation will be a part of the curriculum as per New Education Policy (NEP)

### **Why Competitive Exams?**

□ Nowadays, competition is getting tougher day by day and the doorway into the best of the academic institutes is just not straightforward. It requires a lot of hard work, dedication and most importantly, consistent efforts. The reality of tough competition can be seen through extra competitive exams.

□ The purpose of competitive exams is not only to judge talent of a student but also to test taught's management and planning skills. The whole concept of any competitive exam is based on strategic thinking and smart work.

□ Early exposure to learning and competition builds confidence and sharpens skills which raise your level from other students on the same platform.

□ Competitive exams will enhance the skill of understanding the application of concepts, which is required in a broader context when we appear for exams like JEE, NEET, Civil Service and many others.

□ Exams develop IQ, logical and analytical thinking and build a strong foundation for a career.

□ Competitive exams also help out in choosing a career as students start identifying their areas of interest while getting a deeper knowledge of subjects.

In consideration with above fact our school has decided to give opportunity to the students to explore their logical and reasoning skills through ASSET Exams.

We will be having the external exam of ASSET for our students of grade 3 to grade 10. ASSET Stands for **Assessment of Scholastic Skills through Educational Testing**. It is Asia's largest skill-based diagnostic and benchmarking test. **ASSET Olympiad Exam is scientifically designed to benchmark students' performance, strengths, and weaknesses**. It is a unique platform which helps them beat exam blues, builds confidence and allows them to test their knowledge among like-minded student.

The exams will be of English, Math & Science subjects. It will be offline and conducted during school hours in the month of November 2022.

The first advantage of external assessment is that it helps students to know their performance. It also helps them to know their knowledge level. In addition, it encourages them to learn and improve their knowledge and grades. Also, it creates a competitive spirit in students. Pupils across the country will write common external exams to qualify for the certificate.

The fees for appearing in the ASSET exam for all the three subjects is Rs 750/- , But to motivate and to encourage our Tripadates we will be giving a discount of Rs 100/. So, interested students can register their name by 20<sup>th</sup> September 2022 by paying the fees of Rs 650/- to their class teachers.

Principal.
