

Dear Parents,

Greetings

We hope you all are in best of your health. This is the phase where you can spend quality time with your family, impart good values, involve yourself in constructive activities. "THINK POSITIVE, STAY POSITIVE"

As per the declaration of Promotion, your ward had been promoted to the next grade. The assignments are sent to you since 1st April '20, aiming to keep our students engaged in learning process. So parents we need your support to ensure that all the kids are solving the assignments. The knowledge should not be restricted to the particular grade, instead it should be wide focusing on the academic, emotional, psychological development in a natural way.

Apart from assignments you can occupy your child to practice cursive writing, pattern drawing, learn spelling of five new words daily with meaning and make sentences so as to enhance vocabulary skills, help in household chores and listen to value based stories of your faith.
