

Dear parents & lovely students,

Greetings!!

Hope you all are well and safe at home. Let us inculcate the habit of keeping ourselves healthy & sanitize. We all are in lockdown due to Covid 19 & everyone is fighting against it, we will win this battle soon by the grace of God.

As we had started the online classes in which almost all the student participated. They learnt & enjoyed the technology. I am thankful to our parents also for supporting their ward & making them use the technology.

As we had completed almost 2 chapters through online classes & now we are giving vacation to our students. So next online Class will restart in June, if required. We are hereby closing our online classes from 7th May.

We will keep updating you for further details. Thanks for your cooperation.
