

Dear Parents,

Greetings !

Hope you are fit , fine and fantastic. Taking good care of your health too .Now everybody is used to having the ZOOM classes and students are also trying to cope up with learning through online classes & offline studies.

Right now every one of us is struggling for the things, but still we teachers' are always ready to serve our best to young learners . Moreover the students have started writing their papers also [ only for std 3<sup>rd</sup> to 8<sup>th</sup>]

I want to focus on few things, related to the online classes. Please see to it that everyone should follow.

- ⦿ In the online classes the entry will be strictly to the students, only those who have their NAME & CLASS /STD.
- ⦿ The sitting position and the posture of the student should be well and decent.
- ⦿ The student should be dressed properly i.e dressing sense to be maintained..
- ⦿ No usage of foul language in chat box or no chatting among the students.
- ⦿ The parents also to be well dressed if sitting with the student.
- ⦿ Unwanted scenes or other interruption to be avoided & taken care.

Hope you all agree and understand the sanctity and respect of teachers'. Its request to maintain the decorum of the online classes. Hope you will take it positive and cooperate to motivate and educate our students for making them better citizens.
