As students across the globe are asked to stay home to help control the spread of the novel coronavirus, parents of children in all age groups are left with a lot of time each day that could be filled with structured activities and learning. To inculcate the reading skills E Library facility will be introduced in the new academic year.

In times of uncertainty we are not sure when we will be able to resume regular classes and also depend on the directives of the government.

Be Careful! Be Safe! Be Happy! Spend time with your loved ones!
