# COMMITMENT

## OUR VISION

An institution with profound team spirit and homely atmosphere that develops multifaceted, value oriented, intellectually competitive and responsible young minds by using innovative methods to deliver societal responsibility.

## PHILOSOPHY

The philosophy of Tripada English School lies in its value systems given down line by Tripada Education Trust. The School always tries to enforce the importance of culture and family. We foster the essential human qualities of mutual respect, integrity and independence. Students of Tripada International School Campus are committed to display and develop the lifetime love for learning. We as one of the educational institute of Tripada Group of School welcomes and respects learners of all religions along with this the spiritual education is also the part of primary school curriculum.

# MESSAGE

**Mr. Archit Bhatt**  
Managing Director

I have been living and growing under the wings of 'TRIPADA' since its inception in the year 1968. These experiential years have taught me that children should not only be educated but also be left to educate themselves. Our institution has grown quantitatively and qualitatively for the past 50 years. It pioneered changes and successfully adapted and enabled its learners to adopt and adapt to digitalization. Moving forward, our forthcoming golden years would aim for an educated society rather than just upgrading the literacy ratio. Our education methodology focuses mainly to teach learner to think intensively and critically and get experience. Being a second home for the learner, it also focuses on respect for fellow beings, culture, secularism and patriotism. Having laid a strong foundation of commitment to quality education, it would continue to provide the platform of growth to be "Better Citizens for Better Tomorrow". I am inspired by the quote, 'Prepare the child for the path and not the path for the child.'

**Dr. Pratiksha Parikh**  
Principal  
Tripada English School  
International School Campus

To develop a child in our culture with his or her own values and beliefs and open mindedness is a big task for any academic institution. As I always believe that children are the foundation pillars of a well built nation, it is necessary to enhance the existing inherent capability of the children. With the combination of conservative teaching methodology and experiential learning, we lay the path for the child to experience the walk independently and convert their experiences into knowledge. The learning received here under the vision of creating a 'Better citizen for a better tomorrow, has given our educators to be responsible facilitators for their learners. 'Tripada' which means the three 'pods' or pillars represent an education which is enriched through the interwoven strings of the parent, the student and the school, weaving continuously for the learners' positive overall development. As an institution we are constantly working closely with all the learners for their clarity on content, striving to achieve consistent results and to become a confident individual to serve the community in all the aspects of life.

## CURRICULUM EVALUATION

The Curriculum is planned keeping in mind specific goals, contents, strategies and resources. It is framed on the basis of assumptions about the learners' capacity, ability, aptitudes and potential for learning, motivational needs, interest and values. Our curriculum consists of curricular and co-curricular activities. The components like objectives, attitudes, time,

classroom activities, materials, language skills, study skills, vocabulary, grammar and assessment are considered. The curriculum is functional and relevant to the needs of the learners as per the age group through which the transfer of knowledge, skills and attitude is done successfully.

## Abstract

Our school has well qualified Staff, Counselor and Special Educators for Children. Teachers increasingly face many challenges in a wide range of areas, mainly in those related to their students' behavioural problems and psychological well-being. Evidence shows that teachers can effectively assist students at risk or with difficulties, when they are adequately guided and supported by well-trained school counselor.

# EVENTS

## ANNUAL FUNCTION

The students of std 1 to 4 of Tripada English School Campus presented a visual splendor, "MERI AAWAZ SUNO". The music team of students and teachers added Sweet Flavour to the entire show. The students put up a grand show by portraying how parents have a hectic schedule and could not spare enough time with the kids.

## CULTURAL CELEBRATIONS

The students of std 1 to 4 of Tripada English School Campus presented a visual splendor, "MERI AAWAZ SUNO". The music team of students and teachers added Sweet Flavour to the entire show. The students put up a grand show by portraying how parents have a hectic schedule and could not spare enough time with the kids.

## SCIENCE EXHIBITION FAIR

Tripada English School organized Science Exhibition Fair of 1 to 8 std of students at TIS Campus. In this exhibition students show their ability and they done projects on Environment, Technology, Water harvesting, Solar Energy etc.

## ROLE PLAY / STREET PLAY

At Tripada English School many events are celebrated through the year to train students in each of these genres. This develops a stage presence, confidence, public speaking skills, team work, organising skills, management skills, multi-tasking skills and creative expression.

# SPORTS

Sports enable the students to develop a strong team mind set whether its winning losing or training together. Small ,incremental achievements are helpful for the students in building personal confidence, giving the ability to perform more better. The students become aware of their own strength and weakness. Our students participate in sports like Kabaddi, Volley ball, Badminton, Kho Kho, Basket ball and all kinds of Athletics. We provide the platform to promote their potential in different sports organized by KHEL MAHAKUMBH at the state and the national level. Sports provide a chance to unwind and take part in an activity that improve their fitness. Some of our students posed to be real attackers, game changers leading off well , breaking expectations to be on the top with immense dedication.

## Scouts & Guides

Students Attended State Level Sea Scout Camp At Okha, Dwarka. They Were Imparted Knowledge About Indian Navy, Our Coastal Grads Services And Light House.

## BEYOND ACADEMICS

**Dance:** Dance gives a chance to each student to learn about dance and rhythm. For Dance we have well trained teachers to help our children remain physically fit and express themselves outside the conventional ways of expression. Children as young as 2 years old can enjoy the benefits of dance education.

**Music:** The Tripada English School will prepare students interested in music for Trinity Exams, which brings with it professional facilities and expertise for students. Students are able to explore all aspects of stagecraft, on stage and off. Children should learn different melody, poems, and songs through actions and learn to explore folk instruments and gradually learn to play instruments like sitar, tabla or key boards.

**Vedic Math:** India is a nation which has the credit of contributing significantly to the world of Mathematics right from Vedic ages. Right from the invention of zero to the number system, Mathematics has been a part and parcel of Indian living for various subjects such as astronomy, astrology, music and even literature.

**Chess:** Chess is an effective and affordable educational intervention, promoting key academic and social skills that children will use throughout their lives. The game helps them to think logically and solve problems, it develops sportsmanship and resilience and it teaches children to plan ahead and take responsibility.

**Competitions:** Various competitions are held to hone the skills of the students in art, dance, speech, choral recitation and singing, Experienced judges are invited to grade them and give appropriate feedback for their performance.

**Educational Trips:** These are organized every year either to varied service industries or to nature reserves. This experience becomes a source of practical, on the site learning experience.

# Infrastructure-Facilities

Tripada English School features a state-of-the-art learning resource library, equipped with the latest technology and multimedia facilities. The aim of having a learning resource at our campus is to provide our students with a robust collection of information along with an environment that promotes learning. The campus of TIS is well-equipped with digital tools to extend education par excellence. The school is facilitated with IT, intercoms, science lab, computer lab math lab, library.

## AV Room

A.V Room is a venue for all presentations, workshops and various other training programs. The projector equipped A.V room helps the students to get visuals related to their topics and various other activities.

## Math Lab

The Math Lab helps students develop speed & accuracy by sharpening the mind and improving mental agility & intelligence. Above all, it makes learning math which is typically an abstract subject, fun and simple.

## Science Lab

Facilitating the students in their creativity best, laboratories for science and computer science is set up to kindle scientific temper and the quest to excel. The students get opportunity to further inquisitiveness and innovations.

## Computer Lab

As the world is becoming more globalised and tech savvy we at TIS strive to give ample facilities to students. All the computers have been upgraded with appropriate softwares to enable students to work on applications as per their syllabus. We work with the latest open source operating system called Ubuntu.

## Campus-Environment

The campus of Tripada English School offers an ambience with human touch, responsive and always ready to help during every level of learning. We provide the environment of enjoyment and they enjoy a lot under the motherly warmth of our teachers at school.

## Library

Our library includes approx 7,000 books of different categories like story books, magazines, periodicals, novels, newspaper as well as audio CDs based on curriculum. During the library period, students can read books and give their reviews on it. We also enhance their reading skills by organizing reading competition as a part of a curriculum.

## Transportation

The school offers better transportation with GPS system for exact location of the bus while running on the routes. A well maintained buses traverses the city ferrying students from their homes to school and vice-versa. Every bus is equipped with support staff and monitoring of each route. First Aid and medical assistance is also provided for immediate causalities. Sufficient manpower is at work daily to ensure road safety.

## Students Recreation and Sports

During the academic year we arrange picnics and educational field trips where the students can enhance their skills/knowledge in a group with their teachers. Different events like annual function, exhibitions, food fiesta and annual sports meet are arranged to upgrade their skills and motivate them to show their talent. We also promote and provide the platform to the students to perform in districts / states / national and international zones in indoor and outdoor games.

## Safety and Security with CCTV

We have special security team to take care of students while coming and during dispersal also. We also have fire extinguishers on each and every floor for safety. CCTV cameras are placed in the campus as well as in the classrooms to safeguard the students. The multitude of cameras located at nook and corners ensures complete security. The CCTV network spans all the floors of the campus, front yard, parking area, play fields etc.

## Special Remedial Classes

The school has Continuous Comprehensive Evaluation System (CCE), which helps in identifying the under achievers and slow learners very easily as far as academic is concerned. These children are offered guidance by the subject teachers concerned, before and after school hours. Extra remedial classes will be arranged after school hours if required.
